PRESIDENT ESCAPES

Only Scratched and Bruised in a Terrible Accident.

ONE MAN IS KILLED

The Tally-Ho Conveying the President to Lenox Run into by an Electric Car, Completely Smashing the Vehicle to Pieces.

Pittsfield, Mass., Sept. 3.—A tally-ho containing the president's party, bound from Pittsfield to Lenox, was hit by an electric car near here. One person was killed and several of the party injured, the president escaping with a few bruises, his face being badly scratched.

Secret Service Agent William Craig was killed.

D. J. Pratt, driver of the president's coach, had his skull fractured.

The injured are being brought to this city in ambulances.

Motorman Madden and Conductor James Kelly of the electric car were arrested.

The president reached this city at 9 o'clock this morning. He came from Dalton, where he spent the night as a guest of Governor W. Murray Crane. After the accident the president was able to resume his journey to Lenox.

When the carriage bearing the president and party were near the Country club grounds and at a railroad crossing, an electric car was noticed coming at a terrific rate of speed. Mr. Craig signalled to the motorman to stop, but he apparently paid no attention to the warning and the car came plunging on in its work of death. The president's carriage was literally smashed to pieces.

A witness of the accident stated that the motorman was speeding his car in order to reach the club.

The president, Governor Crane and Secretary Cortelyou were piled up in a heap. The president was cut on the right side of the chin, and his face is much swollen.

Secret Service Agent Craig was killed outright and D. J. Pratt, driver of the coach, received injuries which it is feared will result fatally.

CONFLICT IN DOUBT.

Umpire Will Have to Decide the Capture of the Signal Station.

Fishers Island, N. Y., Sept. 3.—The signal station on Prospect Mount was put out of action at 5 o'clock this morning by the ships of Admiral Higginson's fleet, which fired several times in that direction. Col. Davis, commanding the district, who was at his post in the station, went out of action with it.

The result of the conflict will not be known until after the umpire's report, and perhaps be the occasion of much discussion on the part of the board of arbitration. It was a most magnificent attack and an able defense.

Fatal Mistake of a Nurse.

Chicago, Sept. 3.—Emily Etheridge, a nurse in the Presbyterian hospital here and a daughter of the late Dr. James H. Etheridge, one of Chicago's leading physicians, confessed to Coroner Traeger that she administered to Mrs. Laura Moore of Rensselaer, Ind., two grains of strychnine, when she should have given her only the thirtieth part of a grain. The fatal blunder caused the death of Mrs. Moore.

Carpenters Strike for Advance.

New York, Sept. 3.—Seven thousand and fifty men out of twelve thousand carpenters connected with the New York district council of the United Brotherhood of Carpenters and Joiners have struck for an advance in wages of from \$4 to \$4.50 a day. Thirty-five hundred of the strikers won their demands almost immediately. The Master Carpenters' association has decided unanimously to refuse all demands.

Location for Naval Reserve.

St. Johns, N. F., Sept. 3.—The governor of the colony, Sir Cavendish Thoryl, is visiting Placentia bay to inspect a location for the naval reserve training ship Galypso, which is due here next November to embark 300 colonial fishermen as recruits for the naval reserve. They will undergo preliminary training on the Galypso before being drafted aboard their warships.

Awaiting Billingshurst's Arrival.

Lima, Sept. 3.—The arrival of Senor G. E. Billingshurst, former vice president of Peru, who is expected here shortly, is anxiously awaited in the hope that he may succeed in bringing about an improvement in political affairs and save the situation, which, as a result of the abyss between President Romana and a majority of congress, is daily growing more serious.

From Canada to Cape Town.

New York, Sept. 3.—Monthly sailings will be inaugurated on October 18 between Montreal, Quebec and one or two other ports not yet chosen, and Cape Town. The new line will be the result of contracts made by the Canadian government.

Condition of Cotton.

Washington, Sept. 3.—The monthly report of the statistician of the depart-

ment of agriculture shows the average condition of cotton on Aug. 26, was 64, compared with 81.9, July 27; 71.4, Aug. 24, 1901; 68.2 Sept. 1, 1900 and ten year average of 73.2.

Few Obstacles in the Way.

Shanghai, Sept. 3.—The difficulty in the way of a conclusion of an Anglo-Chinese commercial treaty has been satisfactorily settled. A new edict will be issued and the treaty will be signed after some technical alterations have been made.

LAST HONORS PAID.

The Remains of Congressman DeGraffenreid Buried at Longview.

Longview, Tex., Sept. 3.—The remains of Congressman DeGraffenreid reached Longview Tuesday afternoon and were laid to rest in Greenwood cemetery, while thousands of admiring and sorrowing friends and acquaintances surrounded the grave.

The funeral train came in at 3:30 p. m., and was met at the depot by a large crowd. The remains were accompanied by Deputy Sergeant-at-Arms Pierce, Miss Kennedy, R. C. DeGraffenreid and Roy DeGraffenreid, nephews of deceased, of Washington; S. C. DeGraffenreid of Franklin, Tenn., and Richard Bartholdt, congressman from St. Louis, Mo., in a special car.

The body was borne to the courthouse, where deceased achieved no little of his fame as a lawyer and where he began the work that made him an honored member of the American congress. The remains were placed just inside one of the doors and the crowd stood up in the court yard, the addresses being made from the courthouse steps. R. D. Levy, judge of this judicial district, and a close friend of the deceased, was master of ceremonies.

A prayer was offered by Rev. Gallagher of the Presbyterian church, after which Miss Burns of Tyler sang "Nearer, My God, to Thee." Then Mr. Barnwell of Gilmer paid a tribute to the deceased. Following, Judge C. L. Brockfield and Jack Burns spoke of his party loyalty, after which Congressman Slayden spoke of his work in congress. He was followed by Cone Johnson of Tyler, Congressman Bartholdt of St. Louis, a Republican member of congress, also spoke highly of his party loyalty, after which Congressman Randall of Texas delivered a eulogy.

Rev. Tardy of Nacogdoches then conducted religious services, speaking of the honesty and generosity of the dead congressman. "Jesus, Lover of My Soul," was sung by a selected choir, and then prayer was offered by Dr. Alexander, when those wishing to view the remains passed by and out from the four sides of the courthouse.

The floral decorations were beautiful and profuse. Among them was a bed of flowers representing a broken column, consisting of a column about three feet high abruptly broken off and covered with roses and vines.

The crowd which attended the funeral numbered about 6000, many of whom were visitors from different points in Texas. Among those present were Gordon Russell, Cone Johnson of Tyler, T. M. Campbell of Palestine, Jack O. Burns of Gladewater, J. L. Brockfield of Henderson and Mr. Barnwell of Gilmer.

Large delegations of Masons attended from surrounding towns. The remains were laid to rest with Masonic honors just as the sun sank in the horizon.

All stores and banks closed at noon and business was suspended, the streets being entirely deserted.

HOLD UP A FAILURE.

Three Bandits Run Off by a Plucky Messenger and Passengers.

Tucson, Ariz., Sept. 3.—Reports have been received here of the daring attempt by three American bandits to hold up the International express on the Sonora road, three miles from Hermosillo, Mex., on Sunday. The explosion of a torpedo on the track caused the engineer to stop. Three Americans stepped out of the shelter of a grove of trees and covered the engine crew. Two of the robbers then went to the express car and demanded admittance. The messenger replied with a volley of shots through the door, the bandits returning the fire.

Several passengers armed themselves and were going to the aid of the plucky messenger when the highwaymen became frightened and gave up their attempt, disappearing into the orange groves where it was supposed they had horses in waiting. As soon as the train reached Hermosillo the alarm was given and a troop of rurales and a posse started in pursuit of the bandits.

Freak of Lightning.

Orange, Tex., Sept. 3.—Tuesday lightning struck the stovepipe of John Siffick's house, came through the roof, setting fire to the ceiling, followed the wall around to where the bench sat with three washtubs half filled with water, struck the bench, cut off the four legs so evenly that the bench settled to the floor without spilling a drop of water. A shivered house block at one corner of the building showed where the fluid escaped to the ground.

HUNTER & CHATHAM.

lic free schools in the county, most all of them in splendid and flourishing condition and with one or two exceptions perfect harmony and good will prevails. Anyone has only to give this subject a moment's thought to see that the county is greatly improving in educational matters. Our country schools will now average six months terms a year. Some of them support first-class music teachers in connection with their schools. We find a great many educated boys and girls coming from the rural districts and being employed in important business positions and filling them with honor to themselves and perfect satisfaction to their employers. Most all of our country schools are now taught by young men and ladies who have been raised and educated in the county, whereas a few years ago the cities and towns furnished them all. The country schools are a source of great pleasure to me.

Fourth—As to how well I have presided over the county court I leave that for the members of the bar and the people that have attended court to say, though out of all the cases that have been tried before me in four years I have only been reversed in two cases.

If re-elected, I promise the people that I will make every effort to still improve the county in every way possible. Again thanking the people for the support that they have heretofore given me, and asking them for a kind and considerate consideration of my claims for re-election,

I am respectfully,

A. G. BOARD.

CENTRAL TEXAS FAIR, BRYAN, TEXAS.

OCTOBER 14, 15, 16 & 17.

JOHNSON IN CONTROL

He Is Master of the Ohio Democratic State Convention.

HE MAKES PLATFORM

The Declaration of the Convention endorses the Kansas City Platform and Bryan Is Decidedly Against All Trusts.

Sandusky, O., Sept. 3.—The forces of Mayor Tom L. Johnson of Cleveland were in full control of the Ohio Democratic state convention which met here this morning.

Mayor Johnson was made chairman of the convention and was given an enthusiastic greeting when he assumed charge. In discussing the trust question he said:

"The publicity of a cure for trusts would not answer. What is needed was sweeping monopoly from the statute books." He declared the money question could not die so long as Wall street dictated the country's financial policies. He said he had never believed in "16 to 1" but had worked with the silver forces because he believed the free silver fight was the first great protest of the American people against monopoly, the first great struggle here of masses against privileged classes. He said it was not free silver that frightened plutocratic leaders. What they feared was free men.

He advised the recognition of the Kansas City platform and said the convention ought also to pay a tribute of respect to that great Democrat who has in two national campaigns brilliantly led us against Republican party and its allied hosts of non-partisan monopolists.

Then followed the declaration of Ohio Democrats and the platform adopted contains this plank:

"In state convention assembled we Democrats of Ohio hereby acknowledge and declare our continued allegiance to the Democratic party of the nation on national issues, re-affirming and endorse the principles laid down in its last national platform adopted at Kansas City, and which were fully and ably represented in the presidential campaign of 1900 by Wm. J. Bryan, and regarding these principles as opposed to imperialism and colonialism, as opposed to government by injunction, as opposed to trusts and trust fostering tariffs, as opposed to finance monopoly and as opposed to all other legalized monopolies and privileges, we condemn every effort to repudiate or ignore them."

Judge Michael Donnelly of Napoleon was nominated for supreme judge and Rev. Herbert Bigelow of Cincinnati was nominated for secretary of state.

Sandusky, Sept. 3.—Mayor Tom L. Johnson of Cleveland won a decisive victory Tuesday in the preliminary meetings of the Democratic state convention which meets here today. Ever since he was selected as chairman of the convention by the state central committee it has been the general opinion that this occasion would be made the initial public opening of his candidacy for the next Democratic nomination for president of the United States. In that respect his success has been phenomenal. No Ohio candidate for the presidency ever had more unanimity of sentiment in his favor among the delegates at a state convention than was shown at the meetings by congressional districts for the selection of officers and members of the various committees.

The platform as it came from Mayor Johnson was agreed to by the resolutions committee. It will not be given out for publication until it is adopted by the convention.

The resolutions are in accord with the views of Mayor Johnson on both national and state issues. They favor a new municipal code for Ohio cities with home rule as the cardinal principles and the federal plan as secondary.

In national affairs the last national platform and standard bearer are strongly endorsed and what is considered as a special thrust at John R. McLean is incorporated in a resolution for the election of United States senators by direct vote of the people, and until a constitutional amendment can be secured it will be the policy of the Democratic party in Ohio to endorse at state conventions the candidate of the party to be voted for at the next legislative election of a senator.

Killed by Lightning.

Waco, Tex., Sept. 3.—Joe Anthony, colored, employed on the farm of Messrs. Howard and Westly Mann, six miles south of Waco, was killed by lightning, while driving a team of four mules hitched to a wagon. One of the mules was killed and another severely shocked. The other two escaped injury. Mr. Howard Mann saw the team stop suddenly and observed that one mule was down. On investigating he found Joe, the driver, sitting on the wagon seat dead, still holding the lines.

May Not Be a Suicide.

Galveston, Sept. 3.—Coroner Barry has not rendered a verdict in the case of Edward Hurd, the young negro janitor of the Trust building, who died from a gunshot wound in his head in the Trust building Monday morning. He stated Tuesday night he was inclined to the belief that the wound was not self-inflicted. At the suggestion of the county attorney and Coroner Barry a negro man was arrested and placed in jail pending further developments.

WRECK ON SANTA FE.

Thirty Passengers Are Reported Injured, Some Being Fatally Hurt.

Fort Worth, Tex., Sept. 3.—The west-bound passenger train on the Gulf, Colorado and Santa Fe was wrecked by a defective rail near Brownwood, Tex., and thirty persons are reported injured. Among those badly hurt are: Mrs. Kate Humphries of Houston, Texas, skull fractured, probably will die. Alice and Kate Humphries also Houston, dangerously hurt. Lee Hall, badly injured. The injured were taken to Brownwood.

PICKPOCKET ESCAPES.

He Slashes His Way Out of a Crowded Car With a Razor.

New York, Sept. 3.—Slashing right and left with a razor, a thief on a Third avenue elevated car terrorized a car full of passengers and held them at bay until he could make his escape. He seriously injured a passenger and the guard.

After the train passed Forty-seventh street Edward Bergen, a passenger, saw the thief take another passenger's watch. He called the guard and together they attempted to capture the pickpocket. As they closed on him, he drew a razor and slashed Bergen twice, cutting frightful gashes in the arms and right thigh. His activity with the weapon caused tremendous excitement among the passengers, many of whom were women. The man shouted that he would kill any person who interfered and at Fifty-third street station he jumped over the gate to the platform and escaped.

CASH IN TREASURY.

State Has Over Two Millions in Cash and Eleven Millions in Bonds.

Austin, Tex., Sept. 3.—According to the quarterly report of the state treasurer for the quarter ending Aug. 30, the balance in cash in the treasury was \$2,200,823, and \$11,772,880 bonds. Of the cash \$1,134,445 is to the credit of the general revenue fund and \$10,601,651 in bonds credited to the permanent school fund.

During the past fiscal year ending Aug. 31, the comptroller's department registered \$4,810,263 county, city and school district bonds and state board of education in the same period purchased \$2,074,576 bonds for the benefit permanent school fund.

Records of the comptroller's department show that hardly two-thirds of those assessed for poll tax have paid during the years from 1896 to 1900.

ARRESTS MADE.

The President of Macedonian Committee Among Those Taken to Sofia.

Sofia, Sept. 3.—General Zontcheff, president of the Macedonian committee, has been arrested at Dubmitza and brought here. The arrest of other members of the committee is imminent.

When the Macedonia National committee recently met at Sofia, H. Sarafoff, formerly president of the committee, was accused of misappropriating funds and of being the chief agent in the kidnapping of Miss Stone, the American missionary. A schism appeared in the congress and the adherents of M. Sarafoff held a separate congress and elected another committee.

ROBBING COLOMBIANS.

Small Bands Making Residents of Some Towns Put Up.

Colon, Sept. 3.—A small band of armed robbers has lately been terrorizing the foreign and other residents of Porto Bello, Playa Dama and other points of that section of the Colombian coast.

The robbers have extorted money in many instances on the plea that it was for the Liberal cause. The government gunboat General Pinzon patrolled the Porto Bello coast and landed a small armed force, but the robbers took themselves to the hills upon the arrival of the government forces, and they have not been captured.

Purchase of School Bonds.

Austin, Sept. 3.—The state board of education during the fiscal year which closed Aug. 31, purchased as an investment for the permanent school fund bonds of different kinds aggregating \$2,074,000. The board at its meeting Tuesday deferred action on increasing the scholastic apportionment, it being decided that it would be best to wait until all tax rolls are received so that if possible they may raise it to \$5 per capita.

Oil Wells Producing Salt.

Somerset, Ky., Sept. 3.—Two of Bob Barwell's oil wells have been pumping 275 barrels of oil per day steadily for two weeks. Suddenly the yield of oil ceased, and instead of oil the wells are pumping salt water. The Somerset company's two wells at Sunny Brook also suddenly ceased to yield oil. Oil men are puzzled.

Robberies Plentiful in London.

London, Sept. 3.—"Hooliganism" is again rampant in several districts of south London. The criminal records abound in daily lists of outrages committed in the chief thoroughfares by organized bands, yet no amount of publicity or police supervision appears to have any effect in diminishing the ruffianism.

Rioting in Porto Rico.

San Juan, Sept. 3.—The residents of the town of Junos, a few miles distant from Havemaco, were greatly alarmed Monday night at an incipient riot in their town, which was attended by considerable shooting but no casualties. The claim is made that the police were implicated in the disorder.

ROCK PRAIRIE.

Rock Prairie, Sept. 1.—As I haven't seen any news from this place for quite a while I will drop in a few dots.

Health is good at present. Cotton picking is the order of the day.

Dry weather has set in again; we would be glad to see a nice rain. Grass is fine for grazing cattle.

Mrs. Bessie Williams of Green's Prairie, spent the day with Mrs. G. F. Lee Sunday.

Quite a crowd from here and surrounding communities spent the day at Sulphur Springs Sunday, and reported a grand time.

Miss Fennie Graham of this place left last week for Dimmitt, Texas, where she will teach.

Mr. B. S. Todd and family of Bethel, were the guest of Mrs. Adie Soles Saturday and Sunday.

Quite a crowd from here attended the ice cream supper at Coon Williams Friday night.

Rose.

THE DISASTER GROWS

Over One Thousand Reported Dead on Martinique.

TWO TOWNS GONE

The Eruption of Mont Pelee Destroys Morne Rouge and Ajouba Bouillon and a Tidal Wave Sweeps Le Carmel Away.

Paris, Sept. 3.—A dispatch from Fort de France, Island of Martinique, says that about 1000 persons were killed and that several hundred were injured as the result of a violent eruption of Mont Pelee on Saturday last, which destroyed Morne Rouge and Ajouba Bouillon, two villages near Mont Pelee.

The dispatch confirms the report that the village of Le Carbel was damaged by a tidal wave, which also was felt at Fort de France where the people were panic stricken. The French cruisers Suchet and Tage are embarking people in the northern part of Martinique.

Another Report of Disaster.

Basse Terre, Island of Guadeloupe, Sept. 3.—It has been learned from the gendarmes of the island of Martinique that 1000 persons were killed and 1500 injured during the last eruption of Mont Pelee. According to an official account the eruption of August 30 was one of the most severe that has been experienced. Morne Rouge and a great part of Ajouba Bouillon were destroyed. The zone between the river Capote and the valley of Champ Florre and Fonds Marie Peine has been devastated. Mont Capote suffered severely and the hills around Basse Pointe were buried.

The governor of the island is arranging for the evacuation of the northern parishes and the removal of the wounded.

The temperature at Martinique is reported to be almost unbearable.

Searched Jail for Prisoner.

Kansas City, Sept. 3.—A mob of 1000 people surrounded the jail in Kansas City, Kan., Tuesday night, and tried to get at Johnson and the three other men under arrest for the murder of Policeman Morris and the wounding of Watchman Minsker, in an attempt to rob the street railway car barn in Armourdale. The mob was unsuccessful, as the men under arrest had been spirited away early in the evening. The crowd would not believe the officers' statement to this effect, however, and requested permission to send a committee through the jail. This was granted and the men eagerly inspected the different cells. Later they repeated this performance at the county jail, but did not find them.

Strikers Want Troops.

Charleston, W. Va., Sept. 3.—Gov. White has received the following: Troops are now located at Thurmond to preserve order. They were sent there at the instance of the sheriff, and while it appears that the call for troops was unnecessary and utter folly, yet we, as miners, are glad to have them. They are principally union men and in sympathy with our cause, and they look upon the men at work with the same contempt that we do. Heretofore the guards around the mines have been committing all sorts of outrages on our people. Since the troops have come this has stopped and we will not suffer while they are here. We therefore ask that you do not withdraw them until the strike ends.

President Returns to Massachusetts.

Daleton, Mass., Sept. 3.—President Roosevelt took notice Tuesday on his return visit to Massachusetts by delivering at Fitchburg another speech on the trust question in order that he might fully answer his critics and to more clearly define his attitude on that subject. He also launched into a defense of the army in the Philippines during his speech at Springfield. The impression has gone forth that any views he might express regarding the acquisition of territory by the United States would be sure to be coldly received, but the demonstrations of approval which greeted his utterances dispelled this idea. Frequent stops were again made at various places Tuesday and at each place the president delivered a speech.

Schley's Dates in Texas.

San Antonio, Sept. 3.—A letter has been received by President J. J. Hart of the Business Men's club from Admiral Schley, stating that he will arrive in San Antonio on Oct. 21 and remain two days. From San Antonio he will go to Galveston, his dates in that city being Oct. 23 and 24. He will spend two days in Dallas before coming to San Antonio, his dates there being Oct. 19 and 20.

Negro Shot by a Boy.

Paris, Tex., Sept. 3.—Jim Woods, a negro tenant on C. R. Caldwell's farm between Roston and Howland, was shot in the abdomen in the field while picking cotton and was probably fatally wounded. The shot was fired by a boy who was angry at having to go to work. The boy made his escape and the officers are in search of him.

National Bank for Gunter.

Washington, Sept. 3.—The controller of currency has authorized the First National bank of Gunter, Tex., to begin business with \$30,000 capital. Harvey C. Sperry is president, John Hardie cashier.

ONE WAY TO SETTLE.

Commissioner Wright Suggests a Plan to End Anthracite Strike.

Washington, Sept. 3.—The report of Carroll D. Wright, commissioner on labor, to the anthracite coal strike has been made public. Commissioner Wright finds there is no confidence existence between employees and employers. This, he believes, is one of the chief causes of the differences between the operators and miners. Commissioner Wright suggests as a reasonable and settlement would be for the operators to concede at once a 9-hour-day for a period of six months as an experiment. He suggests there be organized a joint committee on conciliation composed of representatives of operators and of the new union of anthracite employees to which all grievances would be referred to, and their decision be final and binding upon all parties, and that there be no interference with non-union men.

EPIDEMIC OF FRAUD.

Bank Notes Being Forged and Government Robbed of Ammunition.

Lisbon, Sept. 3.—There is an epidemic of fraud in various parts of Portugal. Forgers of bank notes on a large scale have been arrested. Robberies of ammunition and war material from the arsenal at Lisbon have been discovered and the government has been defrauded to the extent of \$500,000 by excise men accepting bribe and enabling large breweries to evade duties. Burglars entered Costa's bank here Monday night and stole \$100,000. They entered the bank by a subterranean passage which they dug themselves and broke open the safe. A great sensation had been caused by the arrest of several high officials, charged with defrauding the state to the extent of \$400,000 and with accepting bribes.

CAMPAIGN BOOK.

Democratic Congressional Campaign Literature Issued from Washington.

Washington, Sept. 3.—The Democratic congressional campaign book which made its appearance Tuesday is a volume of 384 pages, the major portion of which is devoted to the discussion of imperialism and trusts, 240 pages being given to these two topics—115 to the former and 125 to the latter. Upon the title page is the Democratic slogan: "Equal rights to all; special privileges to none."

The volume opens with the platform of 1900 and the resolutions adopted by the Democratic members of the house at their conference June 19, arraigning the Republican party for failure to give relief to Cuba and to enact proper anti-trust legislation. Then follows an extended criticism of the Republican campaign book, many of the statements contained therein being challenged as to accuracy, especially those dealing with the trust question. Under the head of imperialism there is a long general review of the Philippines policy.

Whole Family Crazy.

Terrell, Tex., Sept. 3.—One of the most remarkable incidents in the history of the North Texas insane asylum in this city was reported from that institution Tuesday. Monday night a whole family was brought here from Cottondale, Wise county, where it is said they became insane last Saturday while attending a campmeeting. The head of the family, W. W. Romans, wife and daughter, Miss Lula Romans, aged about 20 years, are all violently insane. Since their arrival here they are wild with their hallucinations. It is reported here that three other persons became insane in the same manner at Cottondale, but Superintendent J. S. Turner of the asylum has had no official notice concerning the last named parties.

Suicide at San Antonio.

San Antonio, Sept. 3.—The dead body of Henry Muehlendorff, an insurance solicitor, was found near the Fredericksburg road at the Aransas Pass crossing Tuesday. There was a bullet hole in the right temple, and near the body on the ground was a pistol with one chamber empty. A note was found by the body signed by Muehlendorff, saying: "Don't take me home; take me to an undertaker's." No cause for the suicide is known. The deceased leaves a wife and seven children, the oldest just 14 years.

Inquest Over Smith's Body.

Dallas, Sept. 3.—Judge Skelton began the inquest Tuesday over the body of T. C. Smith, the man who was killed, supposedly by a Santa Fe train, Monday night. So far, the testimony supports that supposition. The judge will also begin the inquest of Abe White, the negro who was shot Monday night through the window of his house. The bullet went through his heart and lodged in the chest.

Polytechnic Cornerstone Laying.

Fort Worth, Tex., Sept. 3.—The cornerstone of the new Polytechnic college building was laid this morning according to the ritual of the Methodist Episcopal church, south. Addresses were made by Dr. G. C. Rankin of Dallas, Dr. H. A. Bourland of Belton, Dr. Jas. Campbell of Dallas and Rev. O. F. Sensabaugh of Waxahachie. School will be opened immediately after the laying of the cornerstone.

Failure at Corsicana.

Corsicana, Tex., Sept. 3.—The P. H. Blake Furniture company made a voluntary assignment, C. M. Castles, assignee. The assets are given at \$1675 and the liabilities at \$760.

Suicide of a Farmer.

Crawford, Tex., Sept. 3.—A Mr. Visage, living three miles from here, committed suicide by shooting himself with a 32-caliber revolver.

PRESIDENT ESCAPES

Only Scratched and Bruised in a Terrible Accident.

ONE MAN IS KILLED

The Tally-Ho Conveying the President to Lenox Run into by an Electric Car, Completely Smashing the Vehicle to Pieces.

Pittsfield, Mass., Sept. 3.—A tally-ho containing the president's party, bound from Pittsfield to Lenox, was hit by an electric car near here. One person was killed and several of the party injured, the president escaping with a few bruises, his face being badly scratched.

Secret Service Agent William Craig was killed.

D. J. Pratt, driver of the president's coach, had his skull fractured.

The injured are being brought to this city in ambulances.

Motorman Madden and Conductor James Kelly of the electric car were arrested.

The president reached this city at 9 o'clock this morning. He came from Dalton, where he spent the night as a guest of Governor W. Murray Crane. After the accident the president was able to resume his journey to Lenox.

When the carriage bearing the president and party were near the Country club grounds and at a railroad crossing, an electric car was noticed coming at a terrific rate of speed. Mr. Craig signalled to the motorman to stop, but he apparently paid no attention to the warning and the car came plunging on in its work of death. The president's carriage was literally smashed to pieces.

A witness of the accident stated that the motorman was speeding his car in order to reach the club.

The president, Governor Crane and Secretary Cortelyou were piled up in a heap. The president was cut on the right side of the chin, and his face is much swollen.

Secret Service Agent Craig was killed outright and D. J. Pratt, driver of the coach, received injuries which it is feared will result fatally.

CONFLICT IN DOUBT.

Empire Will Have to Decide the Capture of the Signal Station.

Fishers Island, N. Y., Sept. 3.—The signal station on Prospect Mount was put out of action at 5 o'clock this morning by the ships of Admiral Higginson's fleet, which fired several times in that direction. Col. Davis, commanding the district, who was at his post in the station, went out of action with it. The result of the conflict will not be known until after the umpire's report, and perhaps be the occasion of much discussion on the part of the board of arbitration. It was a most magnificent attack and an able defense.

Fatal Mistake of a Nurse.

Chicago, Sept. 3.—Emily Etheridge, a nurse in the Presbyterian hospital here and a daughter of the late Dr. James H. Etheridge, one of Chicago's leading physicians, confessed to Coroner Traeger that she administered to Mrs. Laura Moore of Rensselaer, Ind., two grains of strychnine, when she should have given her only the thirtieth part of a grain. The fatal blunder caused the death of Mrs. Moore.

Carpenters Strike for Advance.

New York, Sept. 3.—Seven thousand and fifty men out of twelve thousand carpenters connected with the New York district council of the United Brotherhood of Carpenters and Joiners have struck for an advance in wages of from \$4 to \$4.50 a day. Thirty-five hundred of the strikers won their demands almost immediately. The Master Carpenters' association has decided unanimously to refuse all demands.

Location for Naval Reserve.

St. Johns, N. F., Sept. 3.—The governor of the colony, Sir Cavendish Thryl, is visiting Placencia bay to inspect a location for the naval reserve training ship Galypso, which is due here next November to embark 300 colonial fishermen as recruits for the naval reserve. They will undergo preliminary training on the Galypso before being drafted aboard their warships.

Awaiting Billingham's Arrival.

Lima, Sept. 3.—The arrival of Senor G. E. Billingham, former vice president of Peru, who is expected here shortly, is anxiously awaited in the hope that he may succeed in bringing about an improvement in political affairs and save the situation, which, as a result of the abyss between President Romana and a majority of congress, is daily growing more serious.

From Canada to Cape Town.

New York, Sept. 3.—Monthly sailings will be inaugurated on October 18 between Montreal, Quebec and one or two other ports not yet chosen, and Cape Town. The new line will be the result of contracts made by the Canadian government.

Condition of Cotton.

Washington, Sept. 3.—The monthly report of the statistician of the depart-

ment of agriculture shows the average condition of cotton on Aug. 26, was 64, compared with 81.9, July 27; 71.4, Aug. 24, 1901; 68.2 Sept. 1, 1900 and ten year average of 73.2.

Few Obstacles in the Way.

Shanghai, Sept. 3.—The difficulty in the way of a conclusion of an Anglo-Chinese commercial treaty has been satisfactorily settled. A new edict will be issued and the treaty will be signed after some technical alterations have been made.

LAST HONORS PAID.

The Remains of Congressman DeGraffenreid Buried at Longview.

Longview, Tex., Sept. 3.—The remains of Congressman DeGraffenreid reached Longview Tuesday afternoon and were laid to rest in Greenwood cemetery, while thousands of admiring and sorrowing friends and acquaintances surrounded the grave.

The funeral train came in at 3:30 p. m., and was met at the depot by a large crowd. The remains were accompanied by Deputy Sergeant-at-Arms Pierce, Miss Kennedy, R. C. DeGraffenreid and Roy DeGraffenreid, nephews of deceased, of Washington; S. C. DeGraffenreid of Franklin, Tenn., and Richard Bartholdt, congressman from St. Louis, Mo., in a special car.

The body was borne to the courthouse, where deceased achieved no little of his fame as a lawyer and where he began the work that made him an honored member of the American congress. The remains were placed just inside one of the doors and the crowd stood up in the court yard, the addresses being made from the courthouse steps. R. D. Levy, judge of this judicial district, and a close friend of the deceased, was master of ceremonies.

A prayer was offered by Rev. Gallagher of the Presbyterian church, after which Miss Burns of Tyler sang "Nearer, My God, to Thee." Then Mr. Barnwell of Gilmer paid a tribute to the deceased. Following, Judge C. L. Brockfield and Jack Burns spoke of his party loyalty, after which Congressman Slayden spoke of his work in congress. He was followed by Cone Johnson of Tyler, Congressman Bartholdt of St. Louis, a Republican member of congress, also spoke highly of his party loyalty, after which Congressman Randall of Texas delivered a eulogy.

Rev. Tardy of Nacogdoches then conducted religious services, speaking of the honesty and generosity of the dead congressman. "Jesus, Lover of My Soul," was sung by a selected choir, and then prayer was offered by Dr. Alexander, when those wishing to view the remains passed by and out from the four sides of the courthouse. The floral decorations were beautiful and profuse. Among them was a bed of flowers representing a broken column, consisting of a column about three feet high abruptly broken off and covered with roses and vines.

The crowd which attended the funeral numbered about 6000, many of whom were visitors from different points in Texas. Among those present were Gordon Russell, Cone Johnson of Tyler, T. M. Campbell of Palestine, Jack O. Burns of Gladewater, J. L. Brockfield of Henderson and Mr. Barnwell of Gilmer.

Large delegations of Masons attended from surrounding towns. The remains were laid to rest with Masonic honors just as the sun sank in the horizon.

All stores and banks closed at noon and business was suspended, the streets being entirely deserted.

HOLD UP A FAILURE.

Three Bandits Run Off by a Plucky Messenger and Passengers.

Tucson, Ariz., Sept. 3.—Reports have been received here of the daring attempt by three American bandits to hold up the International express on the Sonora road, three miles from Hermosillo, Mex., on Sunday. The explosion of a torpedo on the track caused the engineer to stop. Three Americans stepped out of the shelter of a grove of trees and covered the engine crew. Two of the robbers then went to the express car and demanded admittance. The messenger replied with a volley of shots through the door, the bandits returning the fire.

Several passengers armed themselves and were going to the aid of the plucky messenger when the highwaymen became frightened and gave up their attempt, disappearing into the orange groves where it was supposed they had horses in waiting. As soon as the train reached Hermosillo the alarm was given and a troop of rurales and a posse started in pursuit of the bandits.

Freak of Lightning.

Orange, Tex., Sept. 3.—Tuesday lightning struck the stovepipe of John Sizick's house, came through the roof, setting fire to the ceiling, followed the wall around to where the bench sat with three washtubs half filled with water, struck the bench, cut off the four legs so evenly that the bench settled to the floor without spilling a drop of water. A shivered house block at one corner of the building showed where the fluid escaped to the ground.

HUNTER & CHATHAM.

lie free schools in the county, most all of them in splendid and flourishing condition and with one or two exceptions perfect harmony and good will prevails. Anyone has only to give this subject a moment's thought to see that the county is greatly improving in educational matters. Our country schools will now average six months terms a year. Some of them support first-class music teachers in connection with their schools. We find a great many educated boys and girls coming from the rural districts and being employed in important business positions and filling them with honor to themselves and perfect satisfaction to their employers. Most all of our country schools are now taught by young men and ladies who have been raised and educated in the county, whereas a few years ago the cities and towns furnished them all. The country schools are a source of great pleasure to me.

Fourth—As to how well I have presided over the county court I will leave that for the members of the bar and the people that have attended court to say, though out of all the cases that have been tried before me in four years I have only been reversed in two cases.

If re-elected, I promise the people that I will make every effort to still improve the county in every way possible. Again thanking the people for the support that they have heretofore given me, and asking them for a kind and considerate consideration of my claims for re-election,

I am respectfully,
A. G. BOARD.

JOHNSON IN CONTROL

He Is Master of the Ohio Democratic State Convention.

HE MAKES PLATFORM

The Declaration of the Convention Indorses the Kansas City Platform and Bryan Is Decidedly Against All Trusts.

Sandusky, O., Sept. 3.—The forces of Mayor Tom L. Johnson of Cleveland were in full control of the Ohio Democratic state convention which met here this morning.

Mayor Johnson was made chairman of the convention and was given an enthusiastic greeting when he assumed charge. In discussing the trust question he said:

"The publicity of a cure for trusts would not answer. What is needed was sweeping monopoly from the statute books." He declared the money question could not die so long as Wall street dictated the country's financial policies. He said he had never believed in "16 to 1" but had worked with the silver forces because he believed the free silver fight was the first great protest of the American people against monopoly, the first great struggle here of masses against privileged classes. He said it was not free silver that frightened plutocratic leaders. What they feared was free men.

He advised the recognition of the Kansas City platform and said the convention ought also to pay a tribute of respect to that great Democrat who has in two national campaigns brilliantly led us against Republican party and its allied hosts of non-partisan monopolists.

Then followed the declaration of Ohio Democrats and the platform adopted contains this plank:

"In state convention assembled we Democrats of Ohio hereby acknowledge and declare our continued allegiance to the Democratic party of the nation on national issues, re-affirming and endorsing the principles laid down in its last national platform adopted at Kansas City, and which were fully and ably represented in the presidential campaign of 1900 by Wm. J. Bryan, and regarding these principles as opposed to imperialism and colonialism, as opposed to government by injunction, as opposed to trusts and trust fostering tariffs, as opposed to finance monopoly and as opposed to all other legalized monopolies and privileges, we condemn every effort to repudiate or ignore them."

Judge Michael Donnelly of Napoleon was nominated for supreme judge and Rev. Herbert Bigelow of Cincinnati was nominated for secretary of state.

Sandusky, Sept. 3.—Mayor Tom L. Johnson of Cleveland won a decisive victory Tuesday in the preliminary meetings of the Democratic state convention which meets here today. Ever since he was selected as chairman of the convention by the state central committee it has been the general opinion that this occasion would be made the initial public opening of his candidacy for the next Democratic nomination for president of the United States. In that respect his success has been phenomenal. No Ohio candidate for the presidency ever had more unanimity of sentiment in his favor among the delegates at a state convention than was shown at the meetings by congressional districts for the selection of officers and members of the various committees.

The platform as it came from Mayor Johnson was agreed to by the resolutions committee. It will not be given out for publication until it is adopted by the convention.

The resolutions are in accord with the views of Mayor Johnson on both national and state issues. They favor a new municipal code for Ohio cities with home rule as the cardinal principles and the federal plan as secondary. In national affairs the last national platform and standard bearer are strongly endorsed and what is considered as a special thrust at John R. McLean is incorporated in a resolution for the election of United States senators by direct vote of the people, and until a constitutional amendment can be secured it will be the policy of the Democratic party in Ohio to endorse at state conventions the candidate of the party to be voted for at the next legislative election of a senator.

Killed by Lightning.

Waco, Tex., Sept. 3.—Joe Anthony, colored, employed on the farm of Messrs. Howard and Westly Mann, six miles south of Waco, was killed by lightning, while driving a team of four mules hitched to a wagon. One of the mules was killed and another severely shocked. The other two escaped injury. Mr. Howard Mann saw the team stop suddenly and observed that one mule was down. On investigating he found Joe, the driver, sitting on the wagon seat dead, still holding the lines.

May Not Be a Suicide.

Galveston, Sept. 3.—Coroner Barry has not rendered a verdict in the case of Edward Hurd, the young negro janitor of the Trust building, who died from a gunshot wound in his head in the Trust building Monday morning. He stated Tuesday night he was inclined to the belief that the wound was not self-inflicted. At the suggestion of the county attorney and Coroner Barry a negro man was arrested and placed in jail pending further developments.

WRECK ON SANTA FE.

Thirty Passengers Are Reported Injured, Some Being Fatally Hurt.
Fort Worth, Tex., Sept. 3.—The west-bound passenger train on the Gulf, Colorado and Santa Fe was wrecked by a defective rail near Brownwood, Tex., and thirty persons are reported injured. Among those badly hurt are: Mrs. Kate Humphries of Houston, Texas, skull fractured, probably will die. Alice and Kate Humphries also Houston, dangerously hurt. Lee Hall, badly injured. The injured were taken to Brownwood.

PICKPOCKET ESCAPES.

He Slashes His Way Out of a Crowded Car With a Razor.

New York, Sept. 3.—Slashing right and left with a razor, a thief on a Third avenue elevated car terrorized a car full of passengers and held them at bay until he could make his escape. He seriously injured a passenger and the guard.

After the train passed Forty-seventh street Edward Bergen, a passenger, saw the thief take another passenger's watch. He called the guard and together they attempted to capture the pickpocket. As they closed on him, he drew a razor and slashed Bergen twice, cutting frightful gashes in the arms and right thigh. His activity with the weapon caused tremendous excitement among the passengers, many of whom were women. The man shouted that he would kill any person who interfered and at Fifty-third street station he jumped over the gate to the platform and escaped.

CASH IN TREASURY.

State Has Over Two Millions in Cash and Eleven Millions in Bonds.

Austin, Tex., Sept. 3.—According to the quarterly report of the state treasurer for the quarter ending Aug. 30, the balance in cash in the treasury was \$2,200,823, and \$11,772,880 bonds. Of the cash \$1,134,445 is to the credit of the general revenue fund and \$10,601,651 in bonds credited to the permanent school fund.

During the past fiscal year ending Aug. 31, the comptroller's department registered \$4,810,263 county, city, and school district bonds and state board of education in the same period purchased \$2,074,576 bonds for the benefit permanent school fund.

Records of the comptroller's department show that hardly two-thirds of those assessed for poll tax have paid during the years from 1896 to 1900.

ARRESTS MADE.

The President of Macedonian Committee Among Those Taken to Sofia.

Sofia, Sept. 3.—General Zontcheff, president of the Macedonian committee, has been arrested at Dubmitza and brought here. The arrest of other members of the committee is imminent.

When the Macedonian National committee recently met at Sofia, H. Saraffoff, formerly president of the committee, was accused of misappropriating funds and of being the chief agent in the kidnapping of Miss Stone, the American missionary. A schism appeared in the congress and the adherents of M. Saraffoff held a separate congress and elected another committee.

ROBBING COLOMBIANS.

Small Bands Making Residents of Some Towns Put Up.

Colon, Sept. 3.—A small band of armed robbers has lately been terrorizing the foreign and other residents of Porto Bello, Playa Dama and other points of that section of the Colombian coast.

The robbers have extorted money in many instances on the plea that it was for the Liberal cause. The government gunboat General Pinzon patrolled the Porto Bello coast and landed a small armed force, but the robbers betook themselves to the hills upon the arrival of the government forces, and they have not been captured.

Purchase of School Bonds.

Austin, Sept. 3.—The state board of education during the fiscal year which closed Aug. 31, purchased as an investment for the permanent school fund bonds of different kinds aggregating \$2,074,000. The board at its meeting Tuesday deferred action on increasing the scholastic apportionment, it being decided that it would be best to wait until all tax rolls are received so that if possible they may raise it to \$5 per capita.

Oil Wells Producing Salt.

Somerset, Ky., Sept. 3.—Two of Bob Barwell's oil wells have been pumping 275 barrels of oil per day steadily for two weeks. Suddenly the yield of oil ceased, and instead of oil the wells are pumping salt water. The Somerset company's two wells at Sunny Brook also suddenly ceased to yield oil. Oil men are puzzled.

Robberies Proliferating in London.

London, Sept. 3.—"Hooliganism" is again rampant in several districts of south London. The criminal records abound in daily lists of outrages committed in the chief thoroughfares by organized bands, yet no amount of publicity or police supervision appears to have any effect in diminishing the ruffianism.

Rioting in Porto Rico.

San Juan, Sept. 3.—The residents of the town of Junios, a few miles distant from Havemaco, were greatly alarmed Monday night at an incipient riot in their town, which was attended by considerable shooting but no casualties. The claim is made that the police were implicated in the disorder.

ROCK PRAIRIE.

Rock Prairie, Sept. 1.—As I haven't seen any news from this place for quite a while I will drop in a few dots.

Health is good at present.

Cotton picking is the order of the day.

THE DISASTER GROWS

Over One Thousand Reported Dead on Martinique.

TWO TOWNS GONE

The Eruption of Mont Pelee Destroys Morne Rouge and Ajouba Bouillon and a Tidal Wave Sweeps Le Carmel Away.

Paris, Sept. 3.—A dispatch from Fort de France, Island of Martinique, says that about 1000 persons were killed and that several hundred were injured as the result of a violent eruption of Mont Pelee on Saturday last, which destroyed Morne Rouge and Ajouba Bouillon, two villages near Mont Pelee.

The dispatch confirms the report that the village of Le Carbel was damaged by a tidal wave, which also was felt at Fort de France where the people were panic stricken. The French cruisers Suchet and Tage are embarking people in the northern part of Martinique.

Another Report of Disaster.

Basse Terre, Island of Guadeloupe, Sept. 3.—It has been learned from the gendarmes of the Island of Martinique that 1000 persons were killed and 1500 injured during the last eruption of Mont Pelee. According to an official account the eruption of August 30 was one of the most severe that has been experienced. Morne Rouge and a great part of Ajouba Bouillon were destroyed. The zone between the river Capote and the valley of Champ Florie and Fonds Marie Peine has been devastated. Mont Capote suffered severely and the hills around Basse Pointe were buried.

The governor of the island is arranging for the evacuation of the northern parishes and the removal of the wounded.

The temperature at Martinique is reported to be almost unbearable.

Searched Jail for Prisoner.

Kansas City, Sept. 3.—A mob of 1000 people surrounded the jail in Kansas City, Kan., Tuesday night, and tried to get at Johnson and the three other men under arrest for the murder of Policeman Morris and the wounding of Watchman Minsker, in an attempt to rob the street railway car barn in Armourdale. The mob was unsuccessful, as the men under arrest had been spirited away early in the evening. The crowd would not believe the officers' statement to this effect, however, and requested permission to send a committee through the jail. This was granted and the men eagerly inspected the different cells. Later they repeated this performance at the county jail, but did not find them.

Strikers Want Troops.

Charleston, W. Va., Sept. 3.—Gov. White has received the following: Troops are now located at Thurmond to preserve order. They were sent there at the instance of the sheriff, and while it appears that the call for troops was unnecessary and utter folly, yet we, as miners, are glad to have them. They are principally union men and in sympathy with our cause, and they look upon the men at work with the same contempt that we do. Heretofore the guards around the mines have been committing all sorts of outrages on our people. Since the troops have come this has stopped and we will not suffer while they are here. We therefore ask that you do not withdraw them until the strike ends.

President Returns to Massachusetts.

Daleton, Mass., Sept. 3.—President Roosevelt took notice Tuesday on his return visit to Massachusetts by delivering at Fitchburg another speech on the trust question in order that he might fully answer his critics and to more clearly define his attitude on that subject. He also launched into a defense of the army in the Philippines during his speech at Springfield. The impression has gone forth that any views he might express regarding the acquisition of territory by the United States would be sure to be coldly received, but the demonstrations of approval which greeted his utterances dispelled this idea. Frequent stops were again made at various places Tuesday and at each place the president delivered a speech.

Schley's Dates in Texas.

San Antonio, Sept. 3.—A letter has been received by President J. J. Hart of the Business Men's club from Admiral Schley, stating that he will arrive in San Antonio on Oct. 21 and remain two days. From San Antonio he will go to Galveston, his dates in that city being Oct. 23 and 24. He will spend two days in Dallas before coming to San Antonio, his dates there being Oct. 19 and 20.

Negro Shot by a Boy.

Paris, Tex., Sept. 3.—Jim Woods, a negro tenant on C. R. Caldwell's farm between Roston and Howland, was shot in the abdomen in the field while picking cotton and was probably fatally wounded. The shot was fired by a boy who was angry at having to go to work. The boy made his escape and the officers are in search of him.

National Bank for Gunter.

Washington, Sept. 3.—The controller of currency has authorized the First National bank of Gunter, Tex., to begin business with \$30,000 capital. Harvey C. Sperry is president, John Hardie cashier.

ONE WAY TO SETTLE.

Commissioner Wright Suggests a Plan to End Anthracite Strike.

Washington, Sept. 3.—The report of Carroll D. Wright, commissioner on labor, to the anthracite coal strike has been made public. Commissioner Wright finds there is no confidence existence between employees and employers. This, he believes, is one of the chief causes of the differences between the operators and miners. Commissioner Wright suggests as a reasonable and settlement would be for the operators to concede at once a 9-hour-day for a period of six months as a experiment. He suggests there be organized a joint committee on conciliation composed of representatives of operators and of the new union of anthracite employees to which all grievances would be referred to, and their decision be final and binding upon all parties, and that there be no interference with non-union men.

EPIDEMIC OF FRAUD.

Bank Notes Being Forged and Government Robbed of Ammunition.

Lisbon, Sept. 3.—There is an epidemic of fraud in various parts of Portugal. Forgers of bank notes on a large scale have been arrested. Robberies of ammunition and war material from the arsenal at Lisbon have been discovered and the government has been defrauded to the extent of \$500,000 by excise men accepting bribe and enabling large breweries to evade duties. Burglars entered Costa's bank here Monday night and stole \$100,000. They entered the bank by a subterranean passage which they dug themselves and broke open the safe.

A great sensation had been caused by the arrest of several high officials, charged with defrauding the state to the extent of \$400,000 and with accepting bribes.

CAMPAIGN BOOK.

Democratic Congressional Campaign Literature Issued from Washington.

Washington, Sept. 3.—The Democratic congressional campaign book which made its appearance Tuesday is a volume of 384 pages, the major portion of which is devoted to the discussion of imperialism and trusts, 240 pages being given to these two topics—115 to the former and 125 to the latter. Upon the title page is the Democratic slogan: "Equal rights to all; special privileges to none."

The volume opens with the platform of 1900 and the resolutions adopted by the Democratic members of the house at their conference June 19, arraigning the Republican party for failure to give relief to Cuba and to enact proper anti-trust legislation. Then follows an extended criticism of the Republican campaign book, many of the statements contained therein being challenged as to accuracy, especially those dealing with the trust question. Under the head of imperialism there is a long general review of the Philippines policy.

Whole Family Crazy.

Terrell, Tex., Sept. 3.—One of the most remarkable incidents in the history of the North Texas insane asylum in this city was reported from that institution Tuesday. Monday night a whole family was brought here from Cottondale, Wise county, where it is said they became insane last Saturday while attending a campmeeting. The head of the family, W. W. Romans, wife and daughter, Miss Lula Romans, aged about 20 years, are all violently insane. Since their arrival here they are wild with their hallucinations. It is reported here that three other persons became insane in the same manner at Cottondale, but Superintendent J. S. Turner of the asylum has had no official notice concerning the last named parties.

Suicide at San Antonio.

San Antonio, Sept. 3.—The dead body of Henry Muehlendorff, an insurance solicitor, was found near the Fredericksburg road at the Aransas Pass crossing Tuesday. There was a bullet hole in the right temple, and near the body on the ground was a pistol with one chamber empty. A note was found by the body signed by Muehlendorff, saying: "Don't take me home; take me to an undertaker's." No cause for the suicide is known. The deceased leaves a wife and seven children, the oldest just 14 years.

Inquest Over Smith's Body.

Dallas, Sept. 3.—Judge Skelton began the inquest Tuesday over the body of T. C. Smith, the man who was killed, supposedly by a Santa Fe train, Monday night. So far, the testimony supports that supposition. The judge will also begin the inquest of Abe White, the negro who was shot Monday night through the window of his house. The bullet went through his heart and lodged in the chest.

Polytechnic Cornerstone Laying.

Fort Worth, Tex., Sept. 3.—The cornerstone of the new Polytechnic college building was laid this morning according to the ritual of the Methodist Episcopal church, south. Addresses were made by Dr. G. C. Rankin of Dallas, Dr. H. A. Bourland of Belton, Dr. Jas. Campbell of Dallas and Rev. O. F. Sensabaugh of Waxahachie. School will be opened immediately after the laying of the cornerstone.

Failure at Corsicana.

Corsicana, Tex., Sept. 3.—The P. H. Blake Furniture company made a voluntary assignment, C. M. Castles, assignee. The assets are given at \$1675 and the liabilities at \$760.

Suicide of a Farmer.

Crawford, Tex., Sept. 3.—A Mr. Visage, living three miles from here, committed suicide by shooting himself with a 32-caliber revolver.
